# ***CODE OF CONDUCT***

## ***(SA Hunting Rifle Shooting Association (SAHRSA))***

### **PREAMBLE**

In the past the South African Hunting Rifle Shooting Association (SAHRSA) members had voluntarily organized itself into a formidable sporting code to rise to the recognised shooting discipline it is at present. The establishment of the SAHRSA took place in 1997 in accordance with a constitution, to oversee matters pertaining to the administration and promotion of Hunting Rifle Shooting Sport in South Africa.

The General Assembly of the SAHRSA is the supreme decision making body of Hunting rifle Shooting sport which is duly constituted of the National, Provincial and District Hunting rifle Shooting federations who have been recognized by the South African Sport Shooting Confederation. The General Assembly gives effect to creation of codes/policies, which govern National Federations, individuals and bodies.

### **MISSION**

This code of conduct indicates the standard of behavior expected of a member and participants of an association. It is a formal statement of the values and ethical standards that guide individuals in sport. It is a set of principles, and

norms to which sporting people can be held accountable when representing SAHRSA and South Africa at any sporting event. This can also be used as a point of reference when dealing with disciplinary procedures against members

## **HISTORICAL BACKGROUND:**

With the number of bad behaviors and illegal actions we have experienced in sport in the past, a mechanism on how to eliminate these actions has been sought. This is why a code of conduct has been drawn up to hold all sports persons accountable for their actions.

## **VALUES**

- To outline incorrect and unacceptable actions/behaviors within sport and to encourage ethical behavior within sport, so that when the code is contravened the appropriate disciplinary action can with consistency be taken, thus responding to offences and preventing re-occurrence.
- To help to resolve conflict.
- To make ethical behavior infringement easy to identify.
- To enhance the ethical reputation of sports persons.
- To promote respect for human dignity, rights and social justice.
- Provide a framework for all sport persons to conduct their sport activities according to the following ethical principles:
  - Embrace the spirit of fair play;
  - Respect the rights, dignity and worth of every human being;
  - Being fair, considerate, honest and respect for the law;
  - Being trustworthy and professional, accepting responsibilities for their action;
  - Refraining from any racial, gender, verbal, physical or emotional abuse or harassment;

- Always making a positive contribution and refraining from destructive criticism;
- Always acting in the interest of Hunting Rifle sport;
- Respect all participants as equal.
